**Analysis** - RPSC trend shows that every year around 6-7 questions related to Rajasthan history are asked in RAS preliminary exam. These questions are generally simple and factual, which can be easily solved by knowing the correct facts. Every year one question is asked from the major sources of Rajasthan history and ancient era, so there is a need to pay special attention to this part. Every year 2-3 questions are asked from various dynasties like Sisodia (Mewar), Rathore, Gurjar Pratihar and Parmar, Chauhan, Kachchwaha and Bhati dynasty, so these should also be prepared along with general knowledge. Modern history of Rajasthan is very important from the point of view of examination and maximum marks can be obtained by deep understanding of it, because every year 3-4 questions are asked from here. Generally questions related to Rajasthan and revolt of 1857, farmers movement, administration and revenue system of Rajasthan, political awakening (newspapers), Praja Mandal movement, integration, tribal movement and prominent freedom fighters and personalities are asked from this section.
